What Bloom is For.

The white powdery coating seen on ome fruits and the leaves of many plants is known to botanists as bloom. It is of a waxy nature, and, according to experiments recently made at Oberlin College, its chief purpose is to prevent water from passing too readly out of the leaves. When the bloom was removed the transpiration of water was greatly increased, the loss in some cases being in a given time two and a half times as much as before the removal.

Locomotor Ataxia & Paralysis Can be Cured.

These extreme nervous disorders were treated with wonderful success by the discoverer of Dr. Williams' Pink Pills for Pale People, previous to his discovery being offered to the public generally. This remedy is the only known specific in many diseases that, until recent years, were pronounced incurable. Here is the proof:

James Crocket, a sturdy old Scotchman living in Detroit, Mich, at 88 Montcalm St., was cured of Locomotor Ataxia by these pills. For many years he has been a chief engineer of one of those big passenger palace steamers plying upon the great lakes. This is a position of great responsibility and the auxiety causes a great nervous strain. Mr. Crocket says: "For fifteen years I watched the big engines and boilers without a single accident, and only noticed that I was getting nervous. Suddenly without warning I was taken sick, and was prostrated. I had the best of physicians but grew gradually worse. At a council of doctors, they said I had nervous prostration, and had destroyed my whole nervous system and would never recover. For three years I was unable to move from my bed. The doctor said I had locomotor stuzis, and would never be able to walk again.

The doctor said I had locomotor hearis, and would never be able to walk again.

"The pains and suffering I experienced during those years are almost indescribable. The friends that came to see me bid me good-bye when they left me and I was given up. The doctors said nothing more could be done. My wife kept reading to me, articles about Dr. Williams' Pink Pills for Pale People. We finally decided to try them. The first box gave me relief. I continued to use them for about two years before I could get strength enough to walk. I am nearly seventy five years old and there is not a man in this city that can kick higher or walk further than I and to-day I owe my present good health to Dr. Williams' Pink Pills and to-day I have seved my life." God only 530 West Franklin street, Baltimore Md., knows how he ever lived. I had thirty-two doctors, and every one aid there was no cure for him. But the Old Indian Herb Medicine Man at 616 N. Eutaw street. Baltimore, Md., cured him in every way with his Herb teas. He only took twenty-four bottles; he also went to six of the best hospitals of America and the Hospital Doctors said there was no cure for him.

My advice is for all the sick and afflicted in any manner to go to the Old Indian Herb Medicine Map, 616 N. Eutaw street, Baltimore, Md., and get cured. I have lived in Baltimore for thirty years and is well known by thousands of the very best people in Baltimore, and one of the most noted Church members and never use any deception in any manner.

Yours Respectfully, 1606 E. Jefferson street.
